

Campion Senior School Athens, Greece

Science Teacher (Biology/IB ESS)

Founded in 1970, Campion's purpose is to provide a first-class education for boys and girls aged between three and eighteen, fostering abilities both in the field of academic and general education, and in sporting activities and the performing arts.

For September 2019, we are looking for a science teacher with the ability to teach (preferably) Biology to IB higher level. The vacancy arises from the retirement of the current holder in the coming summer. Duties will include the teaching of KS3 and KS4 Science; the ability or willingness to teach IB Environmental Systems & Societies or IB Nature of Science will be a distinct advantage. The successful candidate will have either IB Diploma or A-level experience, and will be a strong team-player with experience of collaborative planning and assessment at all levels. A commitment to using e-Learning resources is expected. Campion is committed to the continual professional development of its staff and full IB training is available.

What we are looking for:

- BSc degree plus PGCE and QTS.
- The ability to motivate and inspire students.
- Creative teaching skills and a professional approach.
- The determination to raise students' achievement.
- The encouragement of extra-curricular activities.

Please apply by email, including a current CV, contact details of two professional referees and a letter of application, to the Headmaster, Stephen Atherton, headmaster@campion.edu.gr

Further information regarding the school can be obtained from the school's website, www.campion.edu.gr

Campion School is committed to safeguarding and promoting the welfare of children. Applicants must be willing to undergo child protection screening appropriate to the post, including checks with past employers and the Disclosure and Barring Service in the UK.

Closing date for applications is Monday, 4th February 2019. Early application advised.
